Governing Food Security Law, Politics and the Right to Food

About The Book With only five years left until the 2015 deadline to achieve the Millennium Development Goals, food security still is a dream rather than reality: 'a situation that exists when all people, at all times, have physical and econo

Governing food security. Law, politics and the right to food.

This book highlights aspects of food policy from the perspective of regulation. The book consists of 14 chapters presented in three parts. The first presents the sources of the right to food and explains how this human right has been caught up in dead end reasoning. The second part argues that the food safety has become the major dimension of ...
