Just A Theory: Exploring The Nature Of Science (English ...

Just a theory is an overview of the modern concepts of science. A clear understanding of the nature of science will enable you to distinguish science from pseudoscience (which illegitimately wraps itself in the mantle of science), and real social issues in science from the caricatures portrayed in postmodernist critiques.

Just a Theory: Exploring the Nature of Science

Just a Theory: Exploring the Nature of Science By Moti Ben Ari Reviewed by Andreas Quale, Department of Teacher Education and School Development, University of Oslo,

Just a Theory: Exploring the Nature of Science

on a theory whose mechanism is not fully understood”(p 32). Ben Ari makes his comparative point very clear: “the theory of evolution more than fulfills all of the requirements of scientific ‘theoryhood,’ even more than the theory of gravitation. To brand evolution as ‘just a theory’ is the finest compliment one can confer on it!” (p 38).
