## Nepal Country Profile of the Republic of Nepal

Nepal, the landlocked multiethnic, multilingual, multi religious country, is situated north of India in the Himalayas, in the region where, about 40 to 50 million years ago, the Indian subcontinent has crashed into Asia. Because of that accident, Nepal has some of the world's highest mountains including Sagarmatha (Mt. Everest, 8848m, which it shares with Tibet (by now a province of China). The highest mountain on Earth is towering above populated valleys and forested plains.
