Undrunk: A Skeptics Guide to AA is going to be of most value to those who don't know much about the fellowship and are considering it as an option. It is also an inspirational read for those who are struggling with an addiction and who are in need of some encouragement. This book was written by A.J. after being just one year sober so hopefully he will write something else further down the line. It will be interesting to see if his views change. I wish him all the best.
